Invitation

Dear Colleague,

It is our pleasure to invite you to participate in the seventh annual meeting of International Congress on Domestic Animal Breeding Genetics and Husbandry - 2023 (ICABGEH-23), which is to be in September 18 - 20, 2023 in Krakow, POLAND. The mission of ICABGEH-23 is to provide a platform for researchers, academicians as well as other professionals from all over the world to present their research results in animal science (animal breeding, genetics, husbandry, nutrition) and related topics (veterinary science, aquaculture and laboratory animal). This conference provides opportunities for the delegates to exchange new ideas and experiences, to establish business or research relations, and to find partners for future collaboration. The language of the conference is English and we welcome paper submissions and prospective authors are invited to submit original research or review.
